INPUT FILE Immunology_Brand_Spend_Q2_2026.xlsx

One workbook, two tabs:

Budget vs Actual

18 lines by brand

Transactions

474 invoices

Ask Claude what is over budget, and why

This is our Q2 brand spend for Immunology. Tell me which lines are more than 10% over budget, and use the transaction detail to tell me why each one is over. Flag anything that looks like an error.

Three lines are more than 10% over budget

+\$4.0M

Skyrizi DTC advertising
33% over

+\$0.9M

Rinvoq speaker programs
30% over

+\$0.48M

Humira agency fees
32% over

Skyrizi is timing. A \$4.0M payment was budgeted for Q3.

	B	E	H	I	J
1	posting_date	vendor	description	amount	budget_quarter
434	2026-06-22	Northgate Media Group	TV flight - fall campaign (upfront payment)	\$4,000,000	Q3

INPUT FILE **Transactions** tab, filtered to the one row Claude found

The fall TV flight was paid on June 22. Take it out and Skyrizi DTC is exactly on budget.

Rinvoq is real. The team ran 36 extra speaker programs.

120

programs in the plan

156

programs held

\$25,000

each, which is on plan

Humira is an error. The same invoice was paid twice.

	B	E	F	G	H	I
1	posting_date	vendor	invoice_number	po_number	description	amount
238	2026-05-14	Brightline Creative	BC-20817	PO-457230	Campaign creative production	\$480,000
319	2026-06-02	Brightline Creative	BC-20817	PO-457230	Campaign creative production	\$480,000

INPUT FILE **Transactions** tab, filtered to the two rows Claude found

Same vendor, same invoice number, same PO, \$480,000 each. Nobody asked Claude to look for duplicates by name.

Ask for a one-page summary

Make me a one-page summary I can show my director: a chart of budget vs. actual by brand, the three issues, and how much of the overspend is real.

Review the summary. Only \$0.9M is real.

Immunology brand spend, Q2 2026

Budget vs. actual, April to June | Prepared for the Director, Commercial Finance | Source: Immunology_Brand_Spend_Q2_2026.xlsx

Spend was \$63.6M against a \$57.9M budget, \$5.7M over (9.9%). Only \$0.9M of that is real overspend.

Three of 18 budget lines are more than 10% over. Together they are \$5.4M over budget: \$4.0M is timing, \$0.5M is a duplicate payment, and \$0.9M is extra activity. The other 15 lines net to \$0.4M over and are each within 3% of budget.

Budget vs. actual by brand

The three lines over 10%

Line	Over by	Why	Type	Action
Skyrizi DTC advertising	\$4.0M +33.3%	One \$4.0M upfront payment for the fall TV flight posted June 22. It was budgeted in Q3.	Timing	Reclass or re-phase. No full-year impact.
Rinvoq HCP speaker programs	\$0.9M +30.0%	156 programs held against a plan of 120, at \$25,000 each.	Real overspend	Brand to confirm the second-half plan.
Humira Agency fees	\$0.48M +32.0%	Invoice BC-20817 from Brightline Creative was paid twice, on May 14 and June 2.	Error	Recover \$480,000 from the vendor.

What the overspend is made of

\$4.0M Timing. Reverses in Q3.	\$0.48M Error. Recoverable.	\$0.9M Real. Needs a decision.
--	---------------------------------------	--

SYNTHETIC DEMO DATA - all figures, vendors and people are fictional. Not actual company financials.

\$4.0M

Timing. Reverses in Q3.

\$0.48M

Error. Recoverable.

\$0.9M

Real. Needs a decision.

CLAUDE OUTPUT

One-page summary

Ask Claude to write to each brand lead

Draft a short note to each brand lead about their line.
Tell them what we found and what we need from them.

Send three notes. Each one ends with a clear ask.

To: Elena Ruiz, Humira brand lead **Subject:** Humira Q2 agency fees: duplicate payment of \$480,000

Humira agency fees closed Q2 at \$1.98M against a \$1.5M budget, \$480,000 over.

Invoice BC-20817 from Brightline Creative was paid twice, on May 14 and June 2, for \$480,000 each time, against the same PO. Without the second payment the line is exactly on budget.

What I need from you: confirm this was one piece of work. I will ask Accounts Payable to recover the second payment.

CLAUDE OUTPUT One of three notes. The other two are in the example outputs.
